infused with rare insights into the impetus behind autistic behaviors the fabric of autism weaves the various threads of autism into a makes sense theory hard won through personal experience and decades of study from neuroscientific research explanations of developmental processes and clinical outcomes emerge the probable causes of autism both a significant clinical work and a moving memoir that illuminates the humanity hidden beneath the bewildering facade of autism the holistic approach presented here gives hope to parents relatives and professionals working with those affected by autism

the autism of gxd an atheological love story is truly a love story the story of ruth dunster s autistic search for an authentic personal and theological gxd in this it resembles augustine s confessions as a theological autobiography it becomes atheological however as dunster reckons with what denys turner terms the darkness of god this awareness leads her through the poetry of medieval mystics to the mythic death of

god theology of thomas j j altizer the search for faith is nonetheless very real in this strange territory dunster hears her autistic gxd speaking in art poetry novels and music and this further leads her into the territory of literature theology and the arts where in blanchot s words the answer is the poem s absence indeed dunster calls the book a strange poem or even a hymn weaving an autistic mythology out of a rigorous survey of clinical autism this book abounds in challenge and paradox it offers a fascinating view into how an autistic poet becomes a theologian and what more mainstream theologies might learn from this disabled gxd

a truly fascinating must read elinor cleghorn bestselling author of unwell women winner of the popular science award from the british psychological society a book of the year in the daily telegraph and new scientist the history of autism is male it is time for women and girls to enter the spotlight for decades our understanding of autism has been based on stereotypes of socially awkward men and boys but this isn t because autism doesn t affect women it is because the system built to identify it has completely failed them this blind spot has left generations of women and girls misunderstood and misdiagnosed in the lost girls of autism leading neuroscientist gina rippon challenges this biased view of autism and explores the female autistic experience she reveals how girls on the spectrum learn to hide in plain sight by camouflaging to fit in drawing on decades of research and powerful first person accounts rippon shows how the female autistic brain is differently different and urges us to give these lost girls their rightful place on the spectrum

written by autistic author robyn steward this is a detailed guide for young people aged 9 to 16 on the basics of menstruation created in consultation with young people an online survey and a group of medical professionals this is a book that teaches all people about periods which can be a scary and overwhelming issue promoting the fact that everyone either has periods or knows someone who does the book reduces the anxiety girls face in asking for help it offers direct advice on what periods look and feel like and how to manage hygiene and pain it also breaks up information using flaps and step by step photos of how to change pads and tampons it discusses alternatives to tampons and pads and gives information about possible sensory issues for people with autism
